

Self-referral information

Leeds Improving Access to Psychological Therapies (IAPT)

[IAPT](#) offers a wide range of therapies that can help people experiencing common mental health problems like [anxiety, stress, panic and depression](#) to support themselves and make positive changes. Leeds IAPT provides group, online and one-to-one talking therapies. If you are over 17 years of age and registered with a Leeds GP you can self-refer through an [online form](#) - a number of questions will pop-up - these are to make sure you are being directed to the right service. The [Stress Control Course](#) can be booked through an [online bookings](#) page. Your GP can also refer you to IAPT. This service is not appropriate for people who are already receiving treatment from another mental health service or who have a severe or long-term mental health problem.
