

How to find help in a mental health crisis

MindWell

The mental health website
for people in Leeds

produced in partnership with

healthwatch
Leeds

**Are you, or someone else, in immediate danger? Call 999 or go to A&E.
Is someone with you? Can you call someone you trust?**

Are you struggling to cope or feeling emotional distress?

Talking to someone can help you see beyond how you are feeling right now.

Find quick techniques to help you feel calmer: www.mindwell-leeds.org.uk/calm

**? What is a
mental health
crisis?**

Each person's experience of crisis is personal to them. It can feel like reaching a breaking point. Or, the world crashing down on you and no longer being able to cope. The causes of crisis are very individual as well. Some people find their mental health getting worse very quickly. While other people may find themselves facing a difficult life event, or, being overwhelmed by life stresses. Leeds offers a range of support services to help people in different situations and with different needs: www.mindwell-leeds.org.uk/help

**i How can I seek
help from NHS
services?**

Call NHS 111

Not sure what to do? Call 111 (open 24/7) when you need help urgently, but it's not life threatening.

Talk to your GP

Ask your GP surgery for an emergency appointment with the first available GP. Your GP can talk to you about your mental health and refer you to another service if necessary. If you're waiting for an appointment you can still access the other kinds of support on this page.

What if I'm receiving care from Leeds and York Partnership NHS Foundation Trust (LYPFT)?

You should already have a contact for your Care Co-ordinator or another health professional in the team looking after you. This might be written in your crisis/safety plan. If you cannot find this or need urgent help accessing LYPFT services, you can call their Single Point of Access on **0300 300 1485**.

**Who can I
talk to?**

Samaritans is open 24/7 to talk about whatever you're going through. Tel: **116 123** (free).
